Overview

Established in 2006, Corfield Logistics is a proudly South African Freight Management Company and Third Party Logistics (3-PL) Provider. We have serviced South African based companies with customized solutions, including Transport, Warehousing, Freight Management and Customized services.

We treat every customer with the utmost care and pride ourselves on our experience, knowledge and ability to assist our clients in a unique and hands-on manner that will ensure their company will continue to grow and succeed

We place a high value on professionalism, trust, integrity and building long-term relationships.

About Us

Corfield Logistics is a Specialised Transport and Logistics Management Company offering a comprehensive range of Transport Services and Supply Chain Solutions to, from and within Sub-Sahara Africa. Together, our management team has more than 100 years of combined experience in our field.

We understand the complexities associated with trading in Africa, which means that we have the right people, systems and strategic partnerships to enable us to exceed our client's expectations continuously.

Corfield Logistics is proudly a Level 1 B-BBEE Contributor. We believe in our commitment to Broad-Based Black Economic Empowerment for the good of our beautiful country – South Africa

Mission

We are committed to providing the most comprehensive and effective services possible for our clients.

Vision

Customer satisfaction along with safety is our no.1 priority.

Promote healthy business relationships based on understanding, Trust and transparency, with impeccable service levels.

Our Services

We are a specialized transport and logistics management company offering comprehensive freight transportation solutions from start to finish. Each member of our team plays an integral role in running an efficient and responsive operation.

We believe that a company needs to offer a full range of services that can be tailored to a customer's specific needs.

Herewith are the various aspects of our business:

- Freight Management
- Linehaul Transport
- Local Transport
- Abnormal Transport
- Containers
- Cross-border Transport
- Tallying of Cargo
- Imports / Exports

Warehousing Solutions and Services include:

- General Freight
- Bonded Freight
- Project Freight
- Palletising service
- Framing & Packing service
- Fumigation
